UHMS Disclosure for All Individuals in Control of Educational Content

Please read the following statements carefully and attest you will comply with each of these relevant to your role with a UHMS approved educational program.

Standard 1: Content Validation

1. All recommendations for patient care in accredited continuing education must be based on current science, evidence, and clinical reasoning, while giving a fair and balanced view of diagnostic and therapeutic options.
2. All scientific research referred to, reported, or used in accredited education in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection, analysis, and interpretation.
3. Although accredited continuing education is an appropriate place to discuss, debate, and explore new and evolving topics, these areas need to be clearly identified as such within the program and individual presentations. It is the responsibility of accredited providers to facilitate engagement with these topics without advocating for, or promoting, practices that are not, or not yet, adequately based on current science, evidence, and clinical reasoning.
4. Organizations cannot be accredited if they advocate for unscientific approaches to diagnosis or therapy, or if their education promotes recommendations, treatment, or manners of practicing healthcare that are determined to have risks or dangers that outweigh the benefits or are known to be ineffective in the treatment of patients.

Standard 2: Prevent Commercial Bias and Marketing in Accredited Continuing Education

1. All decisions related to the planning, faculty selection, delivery, and evaluation of accredited education are made without any influence or involvement from the owners and employees of an ineligible company.
2. Accredited education must be free of marketing or sales of products or services. Faculty must not actively promote or sell products or services that serve their professional or financial interests during accredited education.
3. The accredited provider must not share the names or contact information of learners with any ineligible company or its agents without the explicit consent of the individual learner.
4. I have disclosed all relevant financial relationships prior to my role, and I will disclose this information to learners verbally and on a title PowerPoint slide/verbally prior to the start of my presentation that I do not have any financial relationships to disclose, or if I do, I will disclose the relationship and its nature prior to the activity. Disclosure to learners must not include ineligible companies' corporate or product logos, trade names, or product group messages.
 - a. If there are NO relevant financial relationships: Inform learners on a disclosure slide that, "I have no relevant financial relationships with ineligible companies."
 - b. If there ARE relevant financial relationships: Disclose your name, name of the ineligible company(ies) with which you have a relevant financial relationship(s), and the nature of the relationship(s).
5. If I am discussing any product/device use that is off label/investigative, I will disclose that the use or indication in question is not currently approved by the FDA for labeling or advertising.
6. I understand that the Course Director/Education Committee may need to review my lecture and/or content prior to the activity and I will provide educational content and resources in advance as requested.
7. I have not and will not accept any honoraria, additional payments, reimbursements, or gifts beyond that which has been agreed upon directly with the accredited provider and will not allow any commercial persuasion for my educational role.
8. The content or format of my contribution will promote improvements or quality in healthcare and not a specific proprietary business interest of a commercial entity.
